OCTOBER 2011

Message from Maureen

Oh boy, it's already October! The forecast is calling for cooler weather, at least for a few days.

Is living a balanced life becoming more difficult? Do you constantly feel like you are going from one activity to another? Are you spending quality time with your children, your spouse, or with God?

In order to take control, the first step is to discuss your families' vision as a family. Then, work together to prioritize your families' activities by making written goals including which activities will fit into your weekly schedule. Accept that everyone will need to be a part of some give and take. None of us is Super Mom/Dad, so give yourself a break. Finally, create a household of balance with a flow of prayer, work, rest and relaxation.

Our teachers are preparing their first assessment of the children. We will be conducting parent/teacher conferences to let you know how your child did during their assessment. Conferences are a wonderful way to maintain communication between teachers and families. Each conference will be scheduled for 15 minutes. Please look for your classroom's sign-up sheet.

Important Dates:

October 1st

EC3 tuition is due.

October 7th

FUN FRIDAY. Remember that reservations are required. Feel free to wear your Western Outfits. Snack will be provided.

October 17-19th

Parent/Teacher Conferences

Individual School Photo

October 24 – Owl & Cardinal class

October 25 - Eagle & Falcon classes

October 26th Blue Jays class

October is also school picture time. We are very happy to welcome Boehling Photography back for a 3rd year. Look for photo package information to come home soon.

Finally, be sure to read "Sack Lunch Safety" brochure I have attached to the end of the Knee High News. It provides very interesting and useful information.

Know that each one of you remains in my prayers. Thank you for sharing your children with all of us here at St Clement.

Blessings,

Maureen Ringley
